## DATA SHEET

**Product Code: VINF60**

### Description

A custom compound specifically designed for use in the manufacture of inflatable seals. Features include high tear strength characteristics. Supplied in colour; Cobalt blue only. FDA approved to 21 CFR 177.2600. This material complies with European Union directive EC1935/2004. We certify that this material is free from TSE/BSE bi-products

Shore hardness:	60° +/- 5°
Elongation at break:	450%
Tensile strength:	10 MPA
Tear strength:	25 Kn/M
Specific gravity:	1.16
Temperature range:	-70°C to +200°C
Compression set:	35%
